A												A																																																																					
1、进线端环保珍珠棉A（每套1件） YM060010119																																																																																	
2、非进线端环保珍珠棉B（每套1件） YM060010120																																																																																	
3、中部环保珍珠棉C,左右倒扣（每套2件） YM060010121																																																																																	
B												B																																																																					
																																																																																	
C												C																																																																					
																																																																																	
																																																																																	
D												D																																																																					
要求： 1、尺寸准确（允许公差±1mm）； 2、材料符合环保要求； 3、表面无污渍等痕迹。																																																																																	
说明：环保珍珠棉A、B、C配套使用
